Uw kenmerk

Dear parents/caretakers,

Yesterday afternoon stricter measures with regard to infections by the corona virus were announced by the government until March 31st. As previously communicated, we will follow the official policy as provided by our local health organization.

The government urges schools in the country to remain open. This means that we will continue to provide the best possible education for your son or daughter. Students who are currently preparing for their exams have our special attention.

At the same time, the previously announced hygiene measures remain in place. Please stay at home if you're experiencing a cold, cough and / or fever.

Special times ask for special measures. The measures mentioned also apply to our own employees. Our aim is to continue providing the best possible tuition, but appeal to your understanding if we have to take more drastic measures.

We will continue to provide you with the best possible and up-to-date information about the current situation.

Kind regards,

Alliantie Voortgezet Onderwijs
